

Would you like to be part of a pioneering team? If you are an innovator and have a passion for design, you may be a great fit for our team. Do you want to be challenged with design and take it to the next level? Do you want to work for a company that believes in a work/life balance? Then you may want to check us out.

CTA is seeking an architect or an AIT to join both our Great Falls and Billings, Montana team. This position offers the opportunity to be instrumental in the collaborative development of a growing office for a well-established firm.

The qualified candidate will be able to develop technical solutions in Revit, electronically draft plans, elevations, sections and details. This position will also assist in developing and producing construction documents working closely with clients and design teams to establish and implement project concepts. Candidates will demonstrate excellent design skills, strong technical proficiency, and have the ability to be an integral team member as well as lead the design team.

This job description includes developing new business opportunities for the firm and expanding existing client relationships. An ideal team member is motivated and self-reliant, possessing excellent knowledge of our regional market.

This position offers excellent pay and a benefits package including production bonuses, medical/dental/vision/life insurance, 401(k) savings plan, holiday and paid time off, flexible schedules, and an evolving wellness program.
