ARCHITECTURAL GRADUATE

SMA Architects is seeking a recent architectural graduate, or someone with up to 5 years of architectural experience, to join our team. Position requires strong intuitive design, graphic and CAD skills, thorough knowledge and experience with REVIT, practical knowledge of the practice of architecture and excellent organizational skills are a must. This position will require a person who is self motivated, schedule oriented and able to collaborate with a small team of experienced architects, architectural interns, interior designers and consultants.

Will consider a candidate for our Helena or Bozeman location with the opportunity to work on projects of all sizes including educational, commercial, mixed-use, military and residential.

Helena and Bozeman have easy access to year-round world-class recreation, eateries, breweries, and culture. We are a collaborative, talented group that fosters a team atmosphere, professional and personal growth, enjoy a positive work-life balance and are committed to our firm culture. We have fun every single day.

Salary to be determined based on experience and skill level. Medical, Dental, Vision, 401K and Profit Sharing.

Send resumes, portfolio examples and letters of interest to SMA Architects via jasond@architects-sma.com
