Cushing Terrell is seeking a Design Professional.
BILINGS, MT

Join an innovative and inspired group of professionals in a collaborative studio environment with a commitment to quality and client satisfaction.

Cushing Terrell in a nutshell:
Cushing Terrell was founded 80+ years ago on the promise of an integrated and collaborative design approach. Since the beginning, our architects and engineers have combined intellectual forces to carry out one, simple mission: devise thoughtful and efficient design solutions for our clients.

Ready to create with us?

Architectural design at Cushing Terrell: Cushing Terrell’s work does not promote a particular engineering system or architectural style. Rather, we strive to give our designs purpose and meaning that is original because of its place. We believe this is best achieved through the artful integration of all design disciplines and sustainable, synergistic strategies. The result is architecture that uses regional materials appropriately, employs energy efficient systems within the framework of passive solutions, is sensitive to context and is a narrative for its place and function.

Exceptional process is the foundation for exceptional design. An open and collaborative process empowers our design team to be innovative, creative and provides the structure for the necessary integration that fosters sustainable strategies. We aim to exceed expectations, delight our clients, be responsible to the environment, create spaces that havememorable experiential qualities and have a great time doing it!

This is an exciting opportunity with tremendous growth potential for a Design Professional with 0–3 years of experience to join Cushing Terrell. Qualified candidates will collaborate with our teams on architectural design, project development, construction documents, and construction administration. Must be proficient in Revit, and possess strong design, organizational, and communication skills. NAAB accredited architectural degree required.

We take care of our own: Our client-first character starts from within. This position offers a benefits package including production bonuses, ample medical/dental/vision/life insurance, a matching 401(k) retirement plan, holiday, and paid time off, flexible schedules, flexible work environments, and mentoring opportunities. Our benefits are hard to beat! We believe in making an environment that cares and fosters our employees both at work and at home, in a time when those things sometimes blend together.

To apply: Visit cushingterrell.com/joinus, to provide a resume, portfolio, and cover letter. Or apply here.

We look forward to hearing from you!
